OF ISLAMORADA

## TEAM BUILDING ACTIVITIES

LIFE'S A BEACH, WE'RE JUST PLAYING IN THE SAND!

## TEAM TRIVIA RETREAT

1 HOUR

Test you and your group's knowledge with a rousing trivia challenge! Teams will compete for the Trivia Retreat crown by answering a series of questions— earning points with each correct answer! You can quiz the teams on pre-selected island and ocean trivia or choose your own trivia questions that might best suit your group. The team with the most points wins!

## COCONUT CORNHOLE (CORNHOLE TOURNAMENT)

1-2 HOURS

Test your aim and have some fun with a beloved sports challenge with an island twist: Coconut Cornhole! In this collaborative and active activity, groups learn the basics of cornhole and the value of teamwork through different skill sets such as proper bag toss, distance of toss, and the rules of the game. After this tropical training, groups are split into teams to enjoy an exhilarating tournament. The teams must work as a cohesive unit, naturally enhancing trust and teamwork between players.

## BATTLE OF THE PADDLES

### PADDLEBOARD/KAYAK RELAY RACE

Take team building to the big blue with Battle of the Paddles. This relay race of Kayaks and Paddleboards takes teamwork and balance as groups are split into teams for some friendly competition at sea. The first team to complete the relay race wins!

## MINUTE TO WIN IT

### 1 HOUR

Island time may feel slower, but in this exciting competition, time is of the essence. Teams must complete a wacky task using household items in less than a minute to move on to the next challenge and win points. These fun-filled challenges include: Face the Cookie, Defying Gravity, Traffic Yam, and Wrap it Up!

## THE LOST TREASURE OF ISLAMORADA (SCAVENGER HUNT)

1-2 HOURS

Legend has it that Islamorada is riddled with treasure hidden by pirates many moons ago. With a newly discovered treasure map, groups are split into “crews” to decipher the clues and find these trinkets as fast as possible. The first crew to collect all the treasure wins! Extra pirate points to the crew with the most original name!

This trust-building scavenger hunt can be customized or branded upon request.

## SHIPWRECK SURVIVAL TRAINING (MINEFIELD GAME)

1 HOUR

It's best to be prepared for whatever island life throws at you! In this fun-filled activity, employees pair up and partake in Shipwreck Survival Training. To build trust should an unexpected shipwreck occur, one team member verbally guides their blindfolded teammate across a washed-up obstacle course of ship-related material. With the blindfolded teammate unable to talk, the team survives if the verbal director can successfully guide their teammate from shore to safety.

## VACATION'S LIBATIONS! (MIXOLOGY SESSION)

1 HOUR

Channel your inner mixologist as you and your coworkers learn how to make the perfect margarita! To shake things up, groups are broken up into teams to see who can create the best drink. Adding even more of a competitive edge, trivia questions are provided for teams to win upgraded splashes of flavor – to take the edge off, of course! Groups may even pick a panel of judges to decide the winning margarita. Win or lose, everyone can indulge in vacation's libations with a one-hour open bar!
